Thanks, I'm attaching a (draft) tweaked set of talking points for the Governor. It hits on many of the same themes as your draft, but includes a few additional references to some of her budget actions in the past couple years, plus strikes a bit of the detail on the specifics of how the telepsychiatry equipment works. It might be better for someone with more direct experience with the program to discuss the wireless carts, etc.

If anything in here is inaccurate, let me know - thanks.
