Re: Part 1B, Page 422, Section 93, Department of Administration  
Proviso 93.33, DOA: Confederate Relic Room Relocation Analysis

Dear Governor Haley,

The Comprehensive Real Property Evaluation, Strategic Planning and Implementation Report conducted late last year by the South Carolina Department of Administration's (Admin) industry partner CBRE recommended that South Carolina reduce its real estate footprint through a number of measures, including the use of public private partnerships as a source of funding for transformational projects. The Columbia Mills Building, which houses the Confederate Relic Room, is one of the facilities CBRE recommended for evaluation within this framework.

As Admin continues to execute the recommendations as prioritized in the report referenced above, the Columbia Mills Building will be considered as part of our analysis. At that time, a thorough review of the analysis will be conducted to determine the best use of space.

Sincerely,

Marcia S. Adams
