**The end of invasive JTAG and Chip Offs:** Susteen has launched our new APEX Physical Explorer and Burner Breaker (the only tool in the world, capable of breaking into locked Burner, throw-away, pre-paid phones). These tools are a must have for any forensic investigator. We'll be holding two webinars for forensic investigators where we will introduce you to these two new tools. Please RSVP to either of your choosing by emailing [jkirby@susteen.com](mailto:jkirby@susteen.com)

Special discounts are given to Susteen customers who have valid active licenses. [Contact Us](#) today and we look forward to having you in our webinar.

Did you know the new APEX Physical Explorer can also bypass pincodes on locked LG devices? This is just one of the many advancements of Susteen's new Secure View offerings. Parse more physical deleted data. Break into thousands of new phones. Please attend our [Webinar](#) for more information. ALL Mobile Forensic Investigators should attend.
