Siri sent my email before I was finished dictating it. Let me make it make better sense:

Motion looks fine to us except for the following:

1. It appears to have omitted the language that I added about the State such as the State's not having the capacity to choose an expert independently of the legislature.

Two. It does not list the Governor as a moving party. If Holly so requests, please add the Governor, and list the AG's office as appearing for both her and the State.

Thanks.
