

State of South Carolina

Governor's Proclamation

WHEREAS, colorectal cancer is the second leading cause of cancer-related deaths and the third most commonly diagnosed cancer, excluding skin cancers, for men and women in the United States; and

WHEREAS, an estimated 132,700 new cases of colon and rectal cancer will be diagnosed in the United States this year, and approximately 49,700 Americans will die from the disease; and

WHEREAS, colorectal screening, a powerful yet underused lifesaving examination, helps prevent colon cancer through early detection of polyps before they progress into cancer; and

WHEREAS, while the vast majority of colon cancer deaths can be prevented through proper screening and early detection, only 39 percent of colorectal cancer patients have their cancers detected at an early stage; and

WHEREAS, colorectal cancer is preventable, treatable, and beatable in most cases.

NOW, THEREFORE, I, Nikki R. Haley, Governor of the great State of South Carolina, do hereby proclaim March 2015 as

COLORECTAL CANCER AWARENESS MONTH

throughout the state and encourage all South Carolinians to learn more about the health and healthcare cost benefits of early cancer detection through colorectal screening.

A handwritten signature in black ink, reading "Nikki R. Haley".

NIKKI R. HALEY
GOVERNOR
STATE OF SOUTH CAROLINA
