WE WANT TO KNOW! Has anyone purchased a new ADDED-VALUE Park Passport Plus? How do you like all of your added benefits that you receive with it?

State Parks are now offering its Park Passport Plus, a program that complements the traditional \$50 Park Passport, but also includes a number of added features. In addition to free admission per passenger vehicle to the 33 state parks that charge admission, the new \$99 Park Passport Plus provides:

Jan Wells Have that but not used. Must comment on one State Park we camped a few weeks ago. Saddlers' Creek State Park at Lake Hartwell. NOT GOOD! Camp sites were a MESS. Very unlevel, washes in the road, wooded area down to the lake was just horrible with underbrush galore with fallen trees. Not a good camping experience at all. Even bathhouses were in dire need of overhauls.

Bea Weicksel Murdaugh Disagree with you Jan. Maybe you were there after we were but we will definately go back. Had a great site with easy access, fairly level unlike some others and yes, the bath house did need remodelled but do you not realize that they like everyone else are dealing with a budget crunch!!! Be kind and patiant as you...ROUGH it, a little. Oh and we walked about 30 yards to go fishing. It was wonderful.

Sean Moran I am holding off since I usually use the parks for camping. It would be great if it included some kind of camping spiff (one free night, guaranteed reservation, something like that, or maybe a free fishing license). Would be willing to pay for that.
