Russ Reynolds You're given 600 picnic tables to replace the junk you have and you can't even assemble them yourselves? I call that pathetic!!!!

Russ Reynolds Thank God for the BSA.

Pam Creech Dellinger I noticed you only asked for Boy Scouts. Any reason why Girl Scouts didn't get to share the love? We are just as able to handle these projects. Just saying :)

Angela Dawn Russ, I think having the boys scouts and even girl scouts assemble these, is a fabulous idea!! They will learn the value of hard work and accomplishment!

Jim Montgomery Russ they could easily be assembled by the volunteers and staff... however this is a partnership with the scouts and they earn a patch for their efforts.

Jim Montgomery The scouts can get it done much faster than the few staff and handful of volunteers available at the participating parks. It is 600 tables in 60 days... lofty goal!

Jim Montgomery The staff and volunteers have been involved moving supplies, testing the build and when finished moving tables, sanding tables as needed.

Valli M. Finney Russ, maybe you could volunteer at a park and help out? Many parks, state and federal, need volunteers. And I'm so proud of all the Scouts, business and adults involved in this endeavor. Way to go!
