Tips and useful information for
Members & Staff of the South Carolina State Legislature

LEGISLATIVE STAFF PORTAL UPDATE

The Legislative Services Agency will be upgrading the Legislative Staff Portal to leverage Microsofts' new Windows Remote Desktop Services. This new Staff Portal will provide you the ability to work remotely, using applications and resources located within the Legislative Network. The current Citrix based Staff Portal will be phased out over the coming months as you become accustomed to the new services. We hope that you will find the new Staff Portal to be faster and more user friendly.

Detailed instructions for using the new Legislative Staff Portal from Windows, Mac, iOS and Android devices are attached.

If you are using a Windows PC, no special downloads are required (see instructions below).

To log in to the staff portal go to:

https://www.scstatehouse.gov

Click the Staff Portal link, then select Remote Office.

Enter your full email address and password

Email Address:	johndoe@scstatehouse.go
Password:	

Click sign in.

Click once to open desired application.
