

Ms. Haley: write to you of seeking your help I'm sure other's
is in need of help. us inmates here at petty Correctional Institution
is dealing with a discrimination problem.

me & other inmates in D-Dorm are dealing with Alarms getting closed in our face
every time a woman comes on the wing/Hall.

When we ask about the reasons it is being done, It is said that it is for
security purposes, but Ms. Haley there is no way to throw or physically

Assault any staff members through a secured glass window.
There is no Alarms to administer this type of abuse in any other lock-up dorms & other yards.

Ms. Haley will you please take some time to help us with this
situation or at least consider to make it where everybody is treated the same

I fairly.

Thank you.
