The following testimony demonstrates conflict of interests and malfeasance on many levels. This agenda has surpassed political rule of law constraints and now threatens the security and existence of our government and our republic.

This Russia agenda, long ago exposed as political, repeatedly verified as no probable cause, AKA the "nothing burger" by Van Jones, nor evidence to support any wrongdoing on the part of Trump, must be stopped immediately, before this monumental distraction is exploited by those who are looking for opportunity to destroy us.

Fact Based Testimony Russia Investigation

The appalling demonstration evidence previously demonstrated, of former officers of the government at top levels, continuing with impunity is an outrage.

Sensible Fact Based Rule of Law Demands:

1. End the Russia investigation,
2. Fire Mueller,
3. Cooperate with Trump for the well being of WTP and our nation.
4. End the destroy Trump treachery with prejudice.
