---

Dear Sir:

I talked to a woman in the governor's office and she suggested calling you. I left a message, but no response.

The reason for contacting you is your plans with the aging.

My wife and I travel around South Carolina and parts of North Carolina entertaining the elderly. All of our shows are for free. I give the an hour show containing songs from the 40s, 50s, 60s, classic country and gospel.

So far we have been using our social security to go to all the places you will see on the add on below.

You will see my objective for the shows.

We only need help to get gas, food and lodging when out of town. If given the grant money, we will keep a detailed record where said money is spent.

If you can't help, please suggest someone who can. The elderly really love my shows.

Thanks

Henry T. Parish

Ps

If you would like to see some of my songs, go to

Youtube type in Henry Parish

72 of my videos will show up.
