Ranger Mike is back to share another "Nature Center Minute" from Huntington Beach State Park. Today -- he's educating us on the ancient, interesting horseshoe crab! Sit back, take a watch -- and learn!

Nature Center Minute - Horseshoe Crabs

Barb Seymour Horseshoe crabs are fascinating! There is [was?] a small beach on the Rappahannock River, near Topping VA, where they'd lay their eggs. We went one night, for a look-see. Creepiest thing ever, seeing that many in one place! Thanks for the video!
