

Dear Gov. Haley,

I am writing to you in the hope of imposing on your good will by asking for your autograph. Please. I'm sorry I don't have a photo to send but am enclosing an index card (actually 2 different colors) just-in-case.

I realize that you must be busy and hope my request is not too great an imposition on your time.

Thank you for taking your time to read my letter also with my Thanks, I send my sincere best wishes for your continued happiness and good health.

Finally, I know that some "so called" fans / collectors want autographs to sell but I want to assure you that IF you will give me your autograph IT WILL NOT BE SOLD! Again my Thanks for your time and trouble.

Respectfully,

Dana Reno
