

PRAYER IN MEMORY OF

DR. HUGH H. WELLS*

Almighty Father, we pause in our deliberations today to honor the memory of one who served his fellow man, his community and his State during all the years of his adult life.

Hugh Wells was taken from his family and his friends, and from this body, much before his time.

But his passing leaves us all richer for having known him; wiser for having had his counsel; and inspired by his dedication to South Carolina and her citizens.

We ask that you keep his example of honorable and steadfast service before us as a lasting example to emulate; and we ask that our sorrow in his passing be softened by our joy in the years of our association with him.

*By Mr. Fred R. Sheheen, Chairman, South Carolina Commission on Higher Education, at meeting of the Commission on April 5, 1984.
