Subject: Proviso 63.2-Performance Excellence

You should have already received a memo from Representative Bobby Harrell regarding Proviso 63.2 - Performance Excellence. As you probably know, Governor Sanford vetoed this portion of the FY 03-04 Appropriation Act referencing this methodology.

However, because many agencies have already started using this criteria for their accountability reports for FY 02-03, we are ok with continuing to use this criteria for now. In order to keep from delaying the accountability process, we understand that your staff may find it easier to continue to use those guidelines this year. We are currently reviewing our accountability process for next year and will be in further contact with you later.

We are asking that you submit a copy of your report to this office 10 days prior to the deadline.

Please let me know if you have any questions.
