I said I'd pass this along to you...here's the most recent ACA slidedeck from HHS. It's slide 27 that contains the future enrollment projections I mentioned. By FY 2020, we're expecting about 150,000 more participants in the current program, and then you'd get about 545,000 more if you opted-in on Medicaid expansion. These figures are drawn from Milliman's analysis. Thanks.
