URGENT

Acts of judicial fraud, cyber terrorism, child molestation, child pornography, Nazism, and MORE are happening now. This is a local, statewide, national, and international immediate crime. There are also fraudulent law enforcement involved and assistance is greatly needed. For all evidence, please click on my Twitter link mentioned below. Please save, download, use, view and review any picture that you would like. I am currently in Dorchester County and I have been entrapped in this illegal act in Union, South Carolina. I am also concerned about the solicitor in Union, South Carolina, who is also the defendant attorney in this illegal situation, being involved in acts of corruption and obstruction.

These criminals are also trying to flee the state of South Carolina to create more criminal activity and terrorism and cyber terrorism activity. These criminals also have access to children and illegal, unregistered firearms and weaponry. This is urgent! These criminals, somehow, travel from Union, South Carolina to Spartanburg and Greenville, South Carolina ; and I am very concerned about their criminal activities spreading throughout the state of South Carolina to Alabama , Florida , North Carolina , Kentucky , Washington , Texas , Rhode Island , Iowa , Colorado , Mississippi , nationally and internationally . These criminals recently faked an illegal marriage between Jonathan Mark Inman and Rebecca Danger; and they are committing more crimes. I have informed the public safety and the investigative team in Union, South Carolina; but I have not received a response. Please help in any way possible.

The criminals mentioned below could be abusing homeless shelters in the Upstate of South Carolina with the malicious intent to steal, hide, create criminal acts, and also commit acts of terrorism and cyber terrorism. These criminals will LIE, CRY, for free safe places. These criminals mentioned are CHILD MOLESTERS and SEXUAL OFFENDERS and should NOT be allowed on your premises. There are local, national, and international investigations happening; and if ANY shelters are caught aiding these criminals, the establishments will be seized, shut down, and legal action will be taken. Yes, because these criminals are running and hiding, criminal aiders can be killed!

I am sending this to your location to inform and I am in need of support. I have reached out to enforcement in my location; but I received NO response. I need your help. This is an emergency!*

Due to legal negligence, entrapment, obstruction, malpractice, discrimination, and Jonathan Mark Inman's Unlawful use of a telephone, I was wrongfully jailed/ held hostage on the date of 06/21/2017 - 06/22/ 2017 once Jonathan's TRUE whereabouts was discovered by myself. I was then warranted to jail WITHOUT a LEGAL investigation.

RETURN WARRANT TO:

Union Magistrate

Here is a copy of the wrongful accusation:

County Of Union

Personally appeared before me the affiant Jeffrey D. Wright who being duly sworn deposes and says that the defendant Emmanuel Hampton did within this county and state on or about 06/20/2017 violate the criminal laws of the State of South Carolina ordinance of County Of Union in the following particulars:

DESCRIPTION OF OFFENSE: Telephone / Unlawful use of telephone (after 07/20/01)

I further state that there is probable cause to believe that the defendant named above did commit the crime set forth and that probable cause is based on the following facts:

The defendant, Emmanuel Hampton, did commit the crime of Unlawful use of a Telephone in that on 6/19/2017, he did call the victim Jonathan Inman cursing and telling him numerous times that he will take his life. This being a violation of section 16-17-0430(A) of the S.C. code of laws, 1976, as amended in such case made and provided.

I have to return to the court on the date of July 14, 2017 at 10:00 a.m.

- No contact with "Victim" (no legal investigation) and no phone calls to the "victim" (illegal cellphone hacking)

Every effort I made since the illegal cellphone hacking began, was actually illegally ignored, and an illegal warrant was made. I said these things to Jonathan, or whomever has the phone, because I was left stranded by Jonathan Mark Inman over a year ago, in Atlanta, Georgia, where Jonathan not only breached my trust, he breached a contract, created a job abandonment issue for both of us, and there could have also have been possible malicious intent. Jonathan left without reason by simply saying "I'm done." He later returned to the scene of the crime and stole the rest of my personal belongings which will now be considered legal theft. I do believe and know that Jonathan's family is involved in cyber terrorism, child molestation, child pornography, and may have missed informed the judicial system purposefully. I publicly made it known that I had stumbled upon child pornography on Jonathan's dad's computer which I sold to him. He later insisted that Jonathan take the computer with him where we lived together at the time. Later I discovered suspicious pictures of possible child pornography on an external hard drive that was given to Jonathan by Jonathan's ex-girlfriend Katharine Kidd who now lives in the United Kingdom. The external hard drive is in the possession of Jonathan Mark Inman, which we both shared without me knowing of the pornography. I know that Jonathan did save suspicious photos and may have attacked me because I legally DO NOT want to be held accountable for any unlawful things he is now doing. Jonathan, who is a bisexual, has been having sexual intercourse with me for over the past 8 years; also in a relationship with me as well, was recently spotted with another person by the name of Rebecca Danger; and maybe Jonathan was angry that the truth had been exposed by myself, making my unlawful arrest direct malicious intent.

Jonathan Mark Inman is located here:

1314 Browns Creek Church Road

Union, South Carolina

Here is where I discovered Jonathan's new location:

OR

<https://m.facebook.com/jonathanmark.inman.3?tsid=0.9068813260362159&source=result>

This individual also changed the link to the Facebook account which is suspicious. Here is the link:

<https://m.facebook.com/jonathanmark.inman.3>

This criminal has added MORE Facebook accounts where he is lying about owning a business. Children could be in danger or being lured to be molested. The cellphone has also been hacked again. It has been hacked to say, "the number dialed is NOT a working number" but it still receives text and picture messages. Here is the needed information.

It looks like the individual is trying to make multiple Facebook accounts which scares me and others because that is also what CYBER PREDATORS do! This matter is very urgent!

and cyber terrorism that has been happening since 2013. I wanted to share with you some suspicious Wi-Fi activity that has been potentially hacked and could become an international issue or threat if not already. I am quite sure a hacker or hackers using one of these illegal devices has hacked or is trying to hack and cyber attack all homosexuals internationally, citizens, leaders, companies and all international affiliates. These individuals have hacked my accounts, electronic devices and more; and these cyber terrorists have malicious intent and are attempting to kill me and others. I have also attached a copy of my cell phone information as well as Jonathan Mark Inman's cell phone information. Jonathan went missing a few months ago; and my be being held hostage.

I am attempting to contact your establishments about this situation because myself and others are in REAL danger that requires deadly force. Your companies and governments will be rewarded and your actions, technologies, and abilities are greatly needed. Negligence is an international law and failure to comply could potentially place your company in an aiding terrorism position. Once again I am grateful for any efforts being made.

I also spoke with a Secret Service Agent by the name of Agent Hewitt about this issue as well. His telephone number is:

*** Officer Jenkins here is an email I sent to the Straight Talk company/ corporation this morning. I was not sure if you received it or if that was the email that was blocked. Also attached two screenshots of the Straight Talk trouble tickets. This is an emergency and I require police assistance and maybe more with this terrorism/ cyber terrorism issue. ****

Hello,

My name is Emmanuel Jovon Hampton and I am sending you this email to report someone or group illegally hacking a Straight Talk customer, or by the customer himself, by the name of Jonathan Mark Inman. The cellular phone number is: +1 (864) 466-2164. This individual has been my best friend for 11 years, and has recently disappeared. I have been trying to call him for over a month, but due to the hacking issue I shared with you in a previous email, I have been unsuccessful. I have tried to call his father, Mark Anthony Inman whose phone number is: +1 (864) 466-7414; but it seems like his phone number is hacked or he is involved in the illegal hacking situation. I have been dealing with world leaders and have been attempting to resolve this issue, but I do not want Jonathan to be harmed in the process due to the ignorance of others or himself. Also, this individual also knows someone who has hacked the government previously by the name of Trey Hucks a current Nike, INC. employee, so he says; and he also stated that he was in the United States military. He is a friend of Jonathan, but nothing was done after the hacking. Jonathan also has a brother by the name of Anthony Scott Inman whose telephone number is, +1 (864) 466-2163, who has been calling Jonathan from other numbers that were from out of the United States, and we're different every time. Anthony lives in Pacolet, South Carolina, and I am not sure if he is cell phone hacking, or has possibly hacked his brother's phone. Once again, I know that cell phone hacking is an issue, and ILLEGAL; and I wanted the Straight Talk Wireless company to be aware of what is happening. Someone has also duplicated his email address and Hangouts as well. He has two email addresses that he uses and a third that I am not sure of. I am sending this message to all three so you will be able to verify which one is fraudulent. Also I have attached photos of the duplicate and fraudulent Hangout messenger account along with other information. Once again this is an EMERGENCY situation, and an investigating team is more than likely needed, due to the importance of this issue; and I could really use your assistance.

Thank you and please help,

Emmanuel Jovon Hampton

Hello,

My name is Emmanuel Jovon Hampton and I have reached out to all of you about a situation pertaining to terrorism, cyber terrorism, homosexual lynching, and more specifically, illegal mind reading technology. This attack began in 2013, and has escalated ever since. This situation does revolve around the former President Of The United States, President Barack Obama; and there are also photos verifying my identity and the identity of others involved on my Twitter link that is mentioned as well. There is more to this situation, including the disappearance of my best friend of eleven years, whom was also being attacked and helping me Jonathan Mark Inman. I am currently in danger, and I am pretty sure family members as well as Jonathan Mark Inman's family members have hacked or have been using this technology. I am currently located at:

141 Queen Drive

Ridgeville, South Carolina

29472

United States Of America

Your immediate attention is greatly needed.

Once again thank you and please help,

Emmanuel Jovon Hampton

+1 (843) 714-5233

****Also, when attempting to email the White House about this issue, I was charged money and my banking card information was accessed illegally. The cash pay card banking information is: VISA 4427 7780 0557 3157 Expiration Date 05/18. I have also attached a photo of the card as well.***

Here is a link to the address:

<https://www.whitehouse.gov/contact/write-or-call>

I have shared information with the White House this way before and was not charged, but on one specific instance I was. I am concerned because if this one dollar and change was taken from not only me; but to a million people like me, that is over one million dollars stolen and millions of bank accounts that have been JEOPARDIZED. I have shared information with Presidents and leaders all over the world and this has NEVER happened. This is not only a hacking issue but an international theft situation.
