Columbia, SC 29211

## **NOTES**

The term "mark" includes a trademark or service mark entitled to registration. The term "trademark" means any word, name, symbol, or device or any combination of these used by a person to identify and distinguish goods of that person, including a unique product, from those manufactured and sold by others and to indicate the source of the goods, even if that source is unknown. The term "service mark" means a word, name, symbol, or device or any combination of these used by a person to identify and distinguish the services of one person, including a unique service, from the services of others and to indicate the source of the services, even if the source is unknown. Titles, character names used by a person, and other distinctive features of radio or television programs, motion picture(s), newspapers, or magazines may be registered as service marks notwithstanding that they or the programs, may advertise the goods of the sponsor.

## **CLASSES OF GOODS AND SERVICES**

Section 39-15-1150 of the 1976 South Carolina Code of Laws: The general classification of goods and services provided for in subsections (B) and (C) are established for convenience of administration of this article but does not limit or extend the applicant's or registrant's rights, and a single application for registration of a mark may include goods upon which or services with which the mark is actually being used indicating the appropriate class or classes of goods or services. When a single application includes goods or services which fall within multiple classes, the secretary may require payment of a fee for each class. To the extent practical, the classification of goods and services shall conform to the classification adopted by the United State Patent and Trademark Office.

### (B) The following is the international schedule of classes of goods:

(1) chemical products used in industry, science, photography, agriculture, horticulture, forestry; artificial and synthetic resins; plastics in the form of powders, liquids, or pastes for industrial use; manure (natural and artificial); fire extinguishing composition; tempering substances for preserving foodstuffs, tanning substances, adhesive substances used in industry;
