Mike,
I wasn't aware you were meeting with Pat Watson on yesterday. If you mentioned it I forget. By all means, we should discuss this. In the future, anytime a stakeholder (or potential stakeholder) wants to establish a partnership with us we need to make Marcia aware of it first, just in case she receives an inquiry about it.
Thanks,
Annie

Importance: High

Annie,

Yesterday I attended a meeting in Pat Watson's office at the invitation of Brenda Coker, Department of Consumer Affairs. During the meeting copies of the attachment below were offered as a request to DMV for assistance. Also Pat Watson asked if DMV Dealer Licenses and required Department of Consumer Affairs reports could both be required in the same month? He stated his request would assist DMV by moving a large number of our December Dealer License and Dealer plate renewals to a less active month. I mentioned to Pat this modification may require a law change as section 56-15-310 requires a dealer license expire 12 months from the date of issue and IT changes would also be needed to prorate license fees.

Can we meet to discuss the impact related to these requests?
Mike

Good Afternoon Mike,

It was great finally meeting you today at Pat's office. I spoke with Herb and we rewrote our request so it would be a little easy to understand. We look forward to working with you as we develop this partnership with D.M.V.
Please review the attached and call if you have any questions.
We look forward to making government better!

Thanks,
Brenda J. Coker
