Subject: Charter Schools - impact of weightings

Hi Rachel,

I want to give someone a heads up on the impact of the weightings on some of the charter schools. Many will come out even or gain, but a few are really being hit dramatically and are already contacting their legislators (and Emily Heatwole). Several of the schools are in districts that have not been identified as needing hold harmless funds.

I am taking today to make sure everyone is doing their math correctly with the add ons etc...
I have a call with the school leaders at 4pm.

Please let me know if anyone in the Governor's office would like to talk about the schools' concerns.

Thanks,
Mary
