THE AWARD-WINNING NETWORK OF CARE FOR SENIORS & PEOPLE WITH DISABILITIES IS NOW EXPANDING RAPIDLY IN COUNTIES AND STATES AROUND THE COUNTRY

WATCH VIDEO

The award-winning **Network of Care for Seniors & People with Disabilities** is now expanding rapidly in counties and states around the country.

The Network of Care has evolved into a comprehensive solution with a remarkable suite of features for Area Agencies on Aging; Aging and Disability Resource Centers, and state and county departments of aging. The public-facing, community-based web portal offers a complete, one-stop information place for consumers, families and case managers. The Network of Care includes:

- **A local Service Directory**
- **A comprehensive Library**
- **News; community announcements; support groups; assistive devices**
- **Social networking**
- **Abuse and fall prevention training**
- **Online training for direct-care workers**
- **Personal Health Records** – and much more

The Network of Care also includes a number of state-of-the-art, professional tools:

- The system has a Referral Application that is ADRC-compliant.
- It can easily generate reports and assists with care planning, including Options Counseling for the individual.
- Referrals can be stored automatically in each client's Personal Health Record.
- These referral tools are free to any AAA that has the Network of Care – and free to any agency within that AAA's jurisdiction.

If you have any questions or would like a more in-depth demonstration of how the Network of Care works, please contact me anytime at BBronzan@trilogyir.com or 415-458-5900.

Yours sincerely,

Bruce Bronzan, President
