LT. Governor Bryant,

It was certainly great meeting you before your keynote speech at the Hilton two weeks ago. Very insightful key note speech on the economy at the breakfast meeting. We look forward to your continued leadership and serving the State of SC.

We would love for you to give a few remarks at the Ribbon cutting ceremony for Saulsbury Industries. We would love to you host you at the Ribbon Cutting Ceremony planned for June 27th. Please advise if you will be able to participate. Thanks!

Saulsbury is a national leader in providing engineering, construction, fabrication and services to heavy industrial clients across a wide range of industries: Gas Processing & Treatment, Refining, Petroleum/Petrochemicals, Power (Fossil & Nuclear), Manufacturing, and Terminals/Logistics. Most importantly, we bring our "safety first and foremost" value that has yielded one of the preeminent records for incident-free operations in the construction industry.

From our roots as an electrical and instrumentation services contractor, Saulsbury now operates as a full-service EPC firm with a well-earned reputation for delivering low-cost solutions on accelerated timetables. We pride ourselves on professionalism, coupled with a west Texas "can do" spirit and underlying value of integrity in all things.
