To: Governor Nicki Haley

In reference to our conversation On Thursday February 5 2015, I am providing the following information:

I have over thirty years experience in building and industry construction and at the present time I am seeking a position in State Government. If you are aware of any openings where my experience would be a benefit for the State and myself I would appreciate your recommendation.

Thank you for your consideration.

Yours Truly,

Phone 803-622-05350

Thanks
