Marcia,

To let you know, I also track the number of transactions processed by Headquarters on a separate sheet that I do not distribute. If you would like to see this information please let me know. If you don't think this information would be helpful in keeping a running total of - I can eliminate this process. The daily totals are included on the daily reports which are saved in the Field Administration folder on the network.

Greg

Wanda and Beverly,

Since these are field office wait time reports, do you have anyone who can update these reports daily?

Marcia,

Greg Poston is assuming more responsibility and performing more of the Configuration Managment tasks that CACI has been doing for us. That is leaving less time for the creation of these reports. Is there anyone else who can assume this responsibility?

If you would no longer like to receive this report, please reply back to this message and I will delete you from my distribution list.

Also, if there are any additional people that should receive this report on a daily basis, please send me their names and I will add them to the distribution list.

Thanks,

Greg
