Subject: My prayer for my leadership ~ Website email from Frances Williams

Lt. Governor Bryant, Father God, Thank You for being all that our country needs and are more than willing to hear our prayers. I ask that you give each of our leaders Your wisdom in every decision he makes. Thank You that You love each of them and desire them to be committed to Your truth. Thank You for all of the undeserved mercy and grace You've shown our country even though we have turned our backs on You over and over again. I also ask for Your power to strengthen each leader to have Your discernment regarding all of the issues facing our nation today and the future. Thank You for Your promise for eternal security to everyone who trusts in Your Son, Jesus Christ, and seeks to walk in obedience to You. We love you, Father. Amen Mrs. Frances Williams
