Dear Mr. Governor Haley,

I am writing to you in response to I feel discriminated against by Sumter family court Judge! I am in jail for child support out of state and they understand that I am waiting on my disability to get approved! But SC wants to prove the issue and not give me a chance to say nothing in court then they sentence me to 120 days in jail and no good time! Why can't I be tried and sentenced in Ohio and not in SC? Ohio first offence is 30 days in jail and SC gave me 120 days day for day! Then they want updated Dr records if I have no insurance then how am I supposed to go see a mental Dr? I hope you can get me some answers please! I even had a letter Ohio when I went to court and the SC family court didn't care and even a letter from my disability lawyer! I am about to the point of going to the ACLU over this matter and sue for discrimination! Thank for taking the time to read my letter and I hope to hear back from you

Thank
Eric Woodard
