

Dear Nicky Haly,

My name is Jasmine McLeod, im 15  
years old. I live in Bishopville. me & my father  
have a small house in the country. Our  
house is close to a bad drug neighborhood.  
Because my father is a convicted felon he  
can not have a gun, but when he was  
in prison he was asotted by a man.  
My father now has P.D.S.D & he is worried  
that the man may be out of prison now  
& if he is both me & my father will  
be indanger. we need some typ of protection.  
A gun will provide us safety, & also  
we will be able to hunt for food. If  
you could help my father get a gun I  
promise it will stay under lock & key,  
& will never leave my house/yard. He  
has been out for 3 years in June, he  
hasnt been in any trouble can you  
please help us.

By: Jasmine B. McLeod

Dear Gov. Nikki Haley

My Name is Jasmine McLeod, I'm writing this letter for my father. He asked me to write this for him. We live in Bishopville S.C. at 803 Westlaco Rd. We are right on the Camden/Bishopville County line. We live very close to a very bad drug area. Two years ago a SUV was burned on the land next door to us. People park in our driveway all the time. We need a way to protect our home. We are having a hard time with our bills, a gun would help us save money by running our own streets. I do not need a handgun just a way to help us protect our selves. He has been out of prison for three years in June he was assaulted while in prison the man that did it got 10 years. He tried to kill him. We know he will try again when he gets out please help us to protect our selves.
