This is an amazing chance to have kids interested in nature, learning about the past, and getting outside and having fun. Why would anyone not approve?

The shark tooth fairy hunts are all for the kids and encourages them in the ways of diving an fossil history and discovery. Mike has reached out and touched soo many young ones with these hints. An for the Sc state to continuously deny him the lisenice is just an act of spite. Ppl world wide come to these hunts...with out Mike, their will not be any future desire to lean about shark teeth or fossils or diving.

What take away suck a great event for the children when the state wants to be greedy and not issue a dive license. If the state wants to find shark teeth hire Mike to do it for them.
