Hey Katherine! Great talking to you today. Sorry for the screaming toddler in your ear!

So, I know you are so busy right now and it's not the best time to tell you about the Rodan and Fields business opportunity. I will touch base with you again after the election is over and we can discuss this in further detail.

For now, I would love for you to try the products. We have just launched a new product called acute care and it is like Botox, without the needle and it works while you sleep!

I've attached a flyer with some before and after pics that are amazing! It's available to my preferred customers on October 22nd for wholesale price of \$165. If you are interested in becoming a preferred customer, let me know and I can get you going!

Thanks again for taking time out of your extremely busy schedule to talk with me today. I wish you luck with the upcoming election.

Hope to see you very soon!

Lee
