Gov Halley, your views and those of the RNC are in direct contrast to the majority of Republicans. We want Trump because he is not "beholden" to the RNC or any of the establishment politicians. The Bible says we will know them by their fruits. We see and hear your fruits and those of the RNC. We conservatives will vote democratic if the will of the people does not over ride that of the establishment because there is no difference between the RNC and the DNC. Both establishment entities want to keep control and nothing more!
