Once again, we have only secured ourselves from doing work. Remote desktop doesn't work because of apparent named-user limitations that only OEPP has the passwords to authorize.

I'll be in the office for the next hour or so emailing myself things, so I may just send you the updates in an email and not save to the share drive today.

Hey,

On Sheet 1, can you plug in the correct values for the highlighted cells on Row 2? Right now, it's a mix of dummy values and numbers I'm not sure are right...I forget what sources you and that intern used for this thing last year. I've attached it, but it also lives in the new "Magic Chart" subfolder under FY 2014-15 > Initiatives and Worksheets. Thanks.
