USGBC South Carolina News & Events

South Carolina Half Day Conference

Over time, watershed areas have changed as our communities and cities become more developed, resulting in damage and other severe consequences whenever heavy rain events occur due to stormwater runoff.

Join [USGBC South Carolina](#) for our "Resiliency Sustainable Stormwater Practices for the Future" seminar, where we'll review our current status and what's being done.

We'll also discuss how we can mitigate the impacts of stormwater, new design parameters, and explore hydrological dynamics from a watershed and soils

perspective. Our presenters and panelists represent a cross section of professionals, municipalities, and universities.

This event is pending approval 3.0 GBCI credits.

Cost (includes breakfast): \$10 for [USGBC members](#), \$15 for nonmembers

Agenda

- 7:30-8:15 a.m. — Registration breakfast
- 8:15-8:30 a.m. — Welcome introductions
- 8:30-9 a.m. — Lisa Wells, City of Greenville - The City's efforts currently and in the Future
- 9-9:20 a.m. — Katie Buckley, Carolina Clear
- 9:20-9:40 a.m. — Melanie Rhuleman, North Wind, Inc: Urban Stormwater Hydrology: Making the Case for LID
- 9:40-10 a.m. — William Lamb & Kelli Garcia, PE: Post-Construction Water Quality Design Criteria: Combining Effectiveness and Simplicity
- 10-10:20 a.m. — Break
- 10:20-11:20 a.m. — Barrett Kays - Beyond Green LID Zero Runoff Strategies
- 11:25-12:25 a.m. — Panel discussion
