This is Jack Logan The Founder of Put Down The Guns Young People Organization in our [state.To](http://state.To) <<http://state.To>> all Greenville City Council members I'm truly sorry to bother u all with this topic. My uncle Roy Logan serve presently on The town of Cowpens City Council where they have non partisan elections. Cowpens town is about 97 percent whites over blacks but what impress me is how all elected officials serve all people. Race is not a subject there and my cousin Rick Macomson is Chief of Police. I do understand and hope the intention is to see leaders represent all people and do believe that is the intention but for some odd reason people in the City of Greenville feel black people

will not get fair treatment in whatever they are attempting to do. I go to the polls and vote for the most qualified person. It doesn't matter the color of skin nor the political party. Now I Jack Logan Community Activist just want peace among all and I ask y'all to share my email amongst all members and media. To keep Greenville moving in a positive direction and to appease the people who may look at it as racial I ask u this time to keep the parties the way it is at present and not go with the non partisan at this time to keep peace among all people and let's all move forward. I personally want to see y'all all run for state office due to the success u have been on this council. I will not be at the meeting tonight because I will be in the woods trying to find the murder weapon that kill 16 year old Cobey Smith on the swamp rabbit trail. I again ask you to share my email and I hope my words can may be of help in this situation. It's all about peace to me.
