Go ahead and file - we can get him to edit it if ACT asks us to later. Thanks.

Christian, just received your email inquiry. I was waiting to receive a response back from you on my email last night. See below. Is Lewis Gossett's letter being revised, or should I proceed with the letter we have?

Christian, thank you for all the CWRC Academy info! Lewis Gossett's letter sounds more like a letter of support versus commitment. The verbiage in the application indicates members are required to attend all four meeting sessions and participate in conference calls. Does he have this understanding of participation? His letter is written using "we" and never speaks to a personal commitment. I recommend he add another sentence or two that speaks to this.

Thanks,
Pat

Actually, if you could do sig/letterhead, that would be helpful. Thanks.

Got it – that document is attached. Do you guys want me to put the letter on the SCMA letter and put Lewis' signature on it or are the Word files fine?

Thanks - we'll relay the letter. Yes, we also need a bio for Lewis, but there's no strict format for that, so you have a standard paragraph laying around somewhere, or anything along those lines, then that would be fine. Thanks.

Guys,

Attached is the copy of the letter. Is there another document, the bio, that you're looking for? I'm just not sure I know specifically which document that is. The attached letter is all that I have from Lewis at this point in time.

Thanks,
James

James,

I hope all is well.

Can you get Christian (copied on this email) the support letter and bio for the ACT application.
