Dear Governor Haley,

As a practicing optometric physician for over 20 years in the state of South Carolina, I urge you to support and sign S. 1016, the Eye Care Consumer Protection Bill. There are so many ocular conditions that go undetected due to only looking at refractive data.

This bill will help protect the eye health of the citizens of South Carolina. Our vision is a precious gift that should never be taken for granted. I have dedicated my career to caring for the gift of sight and cannot stand by and see it jeopardized.

Thank You,
