I was very fortunate to have my employers pay for college expenses
For two degrees over the years. I strongly feel that my be the solution
If companies could follow suit.
May I share with you in my economic class:
The instructor asked, "What is the difference between a recession and a depression?"
No one knew, so he answered, "A recession is when your neighbor is out of work
And a depression is when you are out of work." How true today!!!!!!

Enjoy as I did for your well-received article.. God Bless. Tony 803-955-2216
