Commerce should be able to confirm whether or not they are in violation of any incentives agreement they may have signed.

Subject: MTU layoffs?

Good morning,

Has the Governor's Office and/or Labor & Licensing Department been told about layoffs at the MTU facility in Graniteville? We have received several calls that a second wave of layoffs has begun. The callers say there is some kind of contract with the state, that the company is required to maintain a certain level of employment and that is being violated by the current and previous round of layoffs.

Thanks,  
Dana
