I want to know if Table Rock State Park will open the trail to Mill Creek Falls. I am aware that someone died there almost two years ago. I would like to see the trail to Mill Creek Falls to be open again. They could put the warning signs and put wood fences or whatever to prevent falling. I already visited all the trails except Mill Creek trail. I would love to visit there.

Curious.... anyone visit Misty Cavern Falls on Ishi Trail at Jones Gap State Park?
I don't see Ishi Trail on the map of Mountain Bridge Wilderness Area. I wonder if Ishi Trail is open or closed.

Hi Jennifer. Ishi was closed about 10 years ago due to safety and ecological concerns. It's no longer a Trail in the park.

Any news about the trail to Mills Creek Falls at Table Rock. I keep checking on the Table Rock Website and it keeps saying it is closed. It has been two years. I would like to stop by Mills Creek Falls while I will hike on Pinnacle Mountain Trail.

Same answer on website. So the Mills Creek Falls Trail is closed forever?
