**Subject:** March For Our Lives

---

Good Afternoon,

My name is Dalton Bell and I am a junior at Fort Dorchester High School in North Charleston, SC. My fellow classmate, Sydney Clinton, and I are currently in the process of putting together a sister march to the National March For Our Lives in Washington DC in Charleston, SC.

This is a march dedicated to ending mass shooting and gun violence in our schools across the nation. This is an epidemic in our society and as a potential next leader of our beautiful state, we invite you to attend. This is not a Democrat rally. This is not a Republican rally. This a march designed to specifically raise awareness of gun violence in schools. We are also inviting all candidates for the 2018 Gubernatorial South Carolina Election. This is a chance for your constituents to see who really cares about them and their children in schools. We must make progress in stoping gun violence, specifically in our schools. Thousands of people will be marching for our fight, and we sincerely hope you are one of them.

We are still in the planning stage and will be giving more updates but here is some information we have so far:

March 24th, 2018

Start with Speeches @ 10am

@ White Point Gardens, Downtown Charleston, South Carolina

March will be over @ 1pm

As I said before we are still planning, but if you or your team would like to help, participate or etc, you can contact us @[marchforourlivescharlestonsc@gmail.com](mailto:marchforourlivescharlestonsc@gmail.com) or connect with us on Twitter @Mch4OurLivesCHS
