

Dear Nikki Haley,

10/5/16

I am writing you this letter concerning myself and the five other offenders that are here with me incarcerated with a Burglary 2nd degree non-violent charge. The law was recently changed from a mandatory 3 year sentence to a 6 month sentence for this charge. Is there anyway this law can be backdated so that we can get an early release? Some of us have young children + our families are devastated. They feel like they are doing time too. If there is anyway you can help us please write me back or contact Warden Boulware here at the prison. Thank you.

Sincerely,
Emily Blanton

We are sentenced under the YOA
Youthful Offender Act sentence.
