President George HW Bush:

"We have before us the opportunity to forge for ourselves and for future generations, a **New World Order**,

a world where the rule of law [sic - one world government], not the law of the jungle, governs the conduct of nations.

When we are successful, and we will be [sic], we have a real chance at this **New World Order**, an order

in which a credible [sic] United Nations can use its peacekeeping role [sic] to fulfill the promise and vision

of the UN's [sic - Jesuit-controlled CFR] founders [sic - global fascist tyranny]."

CLL Note: The NWO is the Jesuit-Vatican New World Order.

Rome is the NWO.

Two references in speeches to US Congress by President George HW Bush to New World Order:

President George H.W. Bush , State of the Union Address, Envisioning One Thousand Points of Light,

given at the United States Capitol, on January 29, 1991: (text)

"What is at stake is more than one small country, it is a big idea - a **new world order**, where diverse nations are drawn together in common cause to achieve the universal aspirations of mankind: peace and security, freedom, and the rule of law." "The world can therefore seize this opportunity to fulfill the long-held promise of a **new world order** - where brutality will go unrewarded, and aggression will meet collective resistance."

"Now, we can see a new world coming into view. A world in which there is the very real prospect of a **new world order**."

"Even the **new world order** cannot guarantee an era of perpetual peace. But enduring peace must be our mission. Our success in the Gulf will shape, not only the **new world order** we seek but our mission here at home."
