

Work Starts Shortly on New Housing Project on Forest Drive

*Gonzales Gardens
Low Rent Housing Project
Columbia, South Carolina
James B. Urquhart, Architect.
Columbia, South Carolina.*

Architect's drawing of Gonzales Gardens (Providence hospital seen in distance), bids for which were opened yesterday. There are 25 buildings, one of these for administrative purposes, and 24 row houses to accommodate 236 families, in units of 3, 4 and 5 rooms. The vacant space to the front of the photo is to be beautified as a small park.
