Subject: Proviso 99.12 Adjutant General Loan Outstanding

Christian,

The Adjutant General's office has told us the outstanding balance is \$950,000, HOWEVER they are planning to pay the loan off this year. The agency sent a SCEIS document through in October but it was rejected due to coding errors. We have been told they will process the transaction next week. We will monitor and if the transaction goes through you can recommend deleting this proviso. If the loan is not paid off by the time you finalize your book I would leave the proviso as-is.

Les
