Dear Mr Tony Kester,

We wanted to send you a quick reminder to let you know that the **£400 early bird** for SMI's industry leading **Pharmaceutical Freeze Drying Technology** show will be ending today.

The 5th annual conference will once again gather our growing freeze drying community of industry thought leaders and principle scientists involved in **manufacturing, material sciences, bio-therapeutics** and **pharmaceutical engineering**. If you haven't checked out the agenda yet, [download a brochure](#) today to see the full line-up of speakers and a detailed programme for 2017.

WHATS ON THE AGENDA?

A **packed programme** featuring the best speaker line-up to date

Hear from our global panel of over **16 speakers** to strengthen knowledge in key topics such as **PAT and QbD**, whilst staying at the forefront of **technological breakthroughs** to adapt to growing drug production demands.

Regulatory guidance from NIBSC - MHRA, overcoming challenges presented by **high concentration** biological formulations, exploring freeze drying **alternatives**, strategies in **scale-up**, and the use of lyophilisation in **dual chamber cartridges**, will be a major focus, as will hearing from a selection of pharmaceutical companies and biotech's currently maintaining product quality and biological stability through robust capabilities in lyophilisation and freeze drying methods.

DON'T MISS our case studies from:

- Boehringer Ingelheim
- Novo Nordisk
- Roche,
- Genzyme
- Pfizer
- GSK
- Bristol-Myers Squibb
- Medimmune

- Merck
- Sanofi
