RE: Kairos Prison Ministry

Dear Mr. Moon:

Your letter to Governor Haley, dated October 5, 2014, was forwarded to this office for investigation and response. In it you expressed concerns about an upcoming program at Ridgeland Correctional Institution sponsored by the Kairos Prison Ministry.

Let me thank you for your dedicated service as a volunteer to our Agency. Volunteers are an instrumental asset in assisting our inmates with reentry back into society. This program was never cancelled because of the statewide prison inventory. Warden Cohen has advised that the forty five (45) inmates scheduled to participate in this program will have their inventory processed prior to the beginning of the event.

If you have any further concerns, you may contact my office (803-896-8555), the Division of Operations (803-896-8540) or call the institution and ask to speak with Warden Cohen (803-896-3200).

Sincerely,

Bryan P. Stirling
