Yes. Sheila needs to tell us which sites will be providing transportation from HCBS.

Tony and Tommy-

Have received a question from Sheila Welch at Vantage Point asking about using HCBS for transportation(see questions below). Can they use HCBS to cover transportation and if yes, then who do I ask to set up NEW NAMES?  
Thanks in advance-

Shannon

It is my understanding that transportation is a Home and Community Based Service. But apparently in the past must have had its own budget category if Shelia is correct? I would ask Tony about this or Tommy.

Question 1) Are PSA's allowed to use some HCBS for transportation. Our budget this year for transportation was approximately \$200,000 less than the allocation for 2012. In order to continue to provide transportation based of statistical need, we will need to use HCBS to fund transportation.

Question 2) If we are allowed to use HCBS for transportation, we will need a New Name set up for each site with HCBS as its funding site.
