CW [REDACTED] CW [REDACTED] attempted to make initial contact with the family at the address of record of 210 Russell Rowe Rd in Leesville. CWs arrived at the home and did not observe a car in the yard. CWs did observe the yard to have several piles of junk piled up in the front yard and the back yard. CW [REDACTED] knocked on the door but didn't get an answer. CWs observed a notice from the Animal Control on the door handle. CWs walked around to the back door and observed a dog tired on a leash, a dog crate with 4 puppies in it and another pin in the far back w/ other animals like chickens, ducks in it. CW took pictures. CW will try again.

CW [REDACTED] arrived at 210 Russell Rowe Rd in Leesville SC to make initial contact with the family. CW [REDACTED] knocked on the door and while waiting for someone to answer CW could hear children inside the home yelling and laughing. CW [REDACTED] a female came to the door with 3 small children, and CW asked if she was [REDACTED] Jones and she stated no, her name [REDACTED] CW introduced herself to Ms. Jones and stated why she was there and then asked if she could come into the discuss the allegations and she stated yes. Once inside CW asked what the childrens names are and CW was told it is [REDACTED] Jones, [REDACTED] Jones and [REDACTED] Jones and CW asked if there were any other children and CW was told no. Mrs. Jones stated that she is pregnant but that she and her husband only have 3 children right now. CW obtained the children's birthdates as well as her and her husband, Tim's birthday. CW then read her the allegations which are the children are not attending school, they are always dirty and there are concerns with the home since the yard is dirty w/ trash in it. CW then stated that it didn't appear that [REDACTED] and [REDACTED] were old enough to go to school but questioned [REDACTED]'s enrollment in school and CW was told that the boys are only 3 and 4 so they are not old enough to go to school and [REDACTED] is 5 years old but due to where her birthday falls she is not able to attend school this year. CW stated ok and then Mrs. Jones stated that they are actually home schooling their children due to her husband going over to Korea and seeing how the children over there are so far above the children in the US as far as education. CW asked what homeschool program are they going to use and she stated South Carolina Association of Independent Home Schools (SCAIHS) and she gave CW a pink post card which showed CW it was a true association. She stated they are waiting on paperwork now. CW stated she will get a copy of that paperwork when it comes in. CW then asked about the home and CW was told that they moved in and they are trying to fix the home up and it is taking a while since her husband works a lot so she fixed the home when he gets home at night. CW then asked her about the clutter in the floor and she stated that they are doing the best they can do. CW then stated that she was concerned w/ the tools that were laying out in the reach of the children. CW stated they are walking around barefoot and one of them could easily step on a nail or a tool and harm them. She stated that her husband was suppose to put those but since he worked so late he didn't. She then stated that normally her and she children are over at their neighbors home, [REDACTED] due to the way the home is. She stated they only come here at night to sleep but that [REDACTED] is sick right now and she didn't want the children to get sick so that is why they are home now. CW asked to see the rest of the home and she stated ok. CW observed the living room to have several tools and construction items laying on one side of the room where the children are in close quarters, blankets laying on the floor in the walking paths of the home, CW observed a corner on the room to

be piled up with clutter of boxes, books toys and a shock vac w/ the tub to be laying on the floor, the kitchen to have several dishes laying on the counter, parts to the stove laying on the ground, as well as other trash and clutter, the hall way to be lined w/ small piles of clothes and children's toys. CW observed one of the bed rooms to be very cluttered w/ clothes, a chair and a excise bike, it was so cluttered CW was unable to WALK INTO the room or shut the door. CW then observed the children's room to be very unorganized w/ clothes, toys and junk slung around in the floor. CW did observe the children to have their own beds. CW did smell a faint odor of urine in the children's room. CW observed one bathroom to be clean but observed the back bathroom to be minimally clean with two toilets and the tub with a whole in the side. CW observed the "office" where the children aren't allowed to be somewhat clean. CW asked where she and her husband sleep and she stated that right now they are sleeping in the living room on pallets for now. She stated once they get the home fixed they will get furniture. She stated that when the new baby comes her husbands family is coming down and Tims father is going to help him fix the home up because he is going to bring them materials. She stated she is ready for that to happen. CW asked when she due and she stated in November but she has been having contractions. CW asked if they had things for the baby and she stated that they do but that they have had miscarriages so they aren't going to go out and buy everything until the baby gets here. CW stated she understood. She stated that they are from Missouri and her husband works for Intel and as soon as he graduated they hired him and he moved them here. She stated if she had known they were going to have all of these problems she would of never moved here. CW asked her what she meant and she stated that they have had issues w/ the neighbor next door because he wanted this property and they got it so he has been bothering them. CW then began to explain the process of the investigation and she became upset and stated she needed some one to come over. She stated that they don't have anyone in SC but friends they have met. She then called and [REDACTED] from [REDACTED] came over to watch the children while CW spoke w/ Mrs. Jones. CW then began to say that she needed them to clean the home up and make sure the tools are put away and out of the way of the children. At this time Mr. Jones called and CW spoke w/ him and read him the allegations. He began to say that the home was under construction and CW stated she understood but that the home needed to be cleaned up. He stated that they have never had any involvement w/ a DSS before and CW stated she understood but that she got a report the agency has to check into it. CW gave the phone back to Mrs. Jones and then CW spoke w/ [REDACTED] who stated that the children are normally over at her home during the day because of the construction. CW stated ok. CW then completed a safety plan Mrs. Jones that she and Mr. Jones were to clean the home up and CW would be back. CW [REDACTED] stated that right now due to the home not having any bugs or roaches, and that the children stay over [REDACTED] home a lot CW didn't need to move them but at any point in the investigation if CW has a concern for the safety of the children they may need to be moved and she stated that they will clean the home up. [REDACTED] stated she didn't have any concerns for the family and the care of the children. CW then completed DSS form 3795, DSS CACN booklet and brochure. CW observed the home to have ample food. Also CW observed the family to have animals such as chickens, ducks and bunnies but they are outside in separate pens. CW also observed the children to be clean and free of any marks or bruises. They appeared to be in good health as well. CW then obtained phone numbers for Mr. and Mrs. Jones (803) [REDACTED] and (803) [REDACTED]. CW then thanked her and stated she would be back the next day and CW stated she wanted to see some progress made but that the tools defiantly had to be moved.

CW [REDACTED] and intern [REDACTED] arrived at the home to make a follow up visit to the home. CWs entered the home and met with Mrs. Jones and the children. CW observed the living room to be a lot cleaner and the tools out of the way of the children. CW observed them to be placed together in a corner in the back hallway. CW observed the front bathroom to be cleaner as well as the clutter in the walk way of the living room to the kitchen to clear as well. CW did observe the corner of the living room to still have some clutter but not as much. CW observed the kitchen to also be a lot cleaner. CW observed hall way to the back bed room to also be clean and clear of any safety hazards. The clothes were picked up and in bags. The back bed room was also cleared up and CW was able to walk into the room unlike before. CW observed the back bathroom to be clean and free of any safety hazards. CW observed the children's room to clean and picked up and nicely organized. CW did not smell any odor of urine in the room either. CW stated that they had done a great job and that they needed to keep it up. CW also obtained paperwork from the homeschool program. CW also observed the children to be clean and free of any marks or bruises. CW observed them to be dresses appropriately as well. CW observed the home to have plenty of food as well. CW thanked her and stated she would be in touch and CWs left the home. SEE CASE FILE FOR PICTURES

CW [REDACTED] and Intern [REDACTED] conducted an announced HV to the home. Present at the home was Mrs. Jones and the children. CWs entered the home and CW observed the living room to becoming cluttered and hazards from the last visit. CW did observe the floors were being put down now. CW observed what looked like a pile of trash/dirt and plaster that was swept together in the middle of the floor. CW observed the shock vac to be back out in the walkway of the living room to the kitchen, the corner of the living room to still have the pile of clutter with even more piled up, the kitchen to have food boxes and some clutter in the floor, as well some tools, the hallway to begin to have piles of clothes in the floor and the walk way into the children's room to be blocked with blankets, pillows and stuffed animals while the other part of the room was clean. CW stated that the home needed to be picked up again and that she would be back to check on things. CW was told by Mrs. Jones that it is hard for her and CW stated she knew and that she needed to get Mr. Jones to help her. She then stated that when she goes into labor their family is coming and they are going to help with improvements. While standing in the living room CW observed an air vent that wasn't covered and CW stated that it needed to be covered and she stated that Tim took it off to work on the floor but that she would put it back and CW stated that it needed to be done soon because one of the children could fall and she stated she would. Right after CW stated that [REDACTED] walked and his foot fell into the air vent. CW stated ok and CW stated she would be back. CW observed the children to be clean and wearing shoes and dress appropriately. CW observed them to be free of any visible marks or bruises. SEE CASE FILE FOR PICTURES.

CW [REDACTED] and Intern [REDACTED] conducted a HV at the home. CW [REDACTED] knocked on the door but didn't get an answer. CW heard children's laughing across the yard and CW walked over to the [REDACTED] home where Mrs. Jones and the children were. Mrs. Jones stated they were watching a movie and told them to stay there. CW observed them to be very clean and dressed appropriately. CWs entered the home and observed the pile of trash/plaster to be cleaned up but observed the living room to still be cluttered. CW observed the shock vac to be out w/ the tub laying in the middle of the walk way along w/ a heater. CW stated the heater needed to be moved out of the walk way. CW observed the kitchen to be cleaner but did observe a box w/ a few tools in the floor and hallway to the children's bedroom to still have a large pile of clothes that Mrs. Jones stated the children pulled out. CW observed the childrens room to be clean and no odor of urine. CW observed the children's bathroom to be minimally clean and observed the tub to have the whole uncovered again. CW stated that she would have to staff the case w/ her supervisors and the case decision would be made. CW stated she would be in touch w/ her to let her know. CW thanked her and left the home. CW [REDACTED] and CW [REDACTED] made an unannounced HV at the home. As CWs arrived CWs observed Mrs. Jones and the children outside playing in the yard and Mrs. Jones was on the phone. CWs spoke w/ her in the yard and CW stated that they were there due to a staffing that was held w/ her and her supervisors re: the home and the safety of the children. CW stated that since CW was unable to speak with a family member re: them coming down to help w/ them and the baby and the home CWs supervisors wanted the home to be assessed again due to concern of the last home visit and the last pictures taken. She stated that Mr. Jones wanted to talk to CW and CW spoke w/ him and while speaking with him he became very hostile and telling CW that she was ruining people lives and CW stated that she wasn't doing that but just make sure the children were safer and he stated that they are. He stated that he talked to an attorney and he was told that DSS couldn't do anything and that he didn't have to let DSS in the home. CW asked for the name of the attorney and she would call them and he stated that CW needed to figure it out. CW stated that the home needed to be cleaned up and stay clean and he stated he wanted a list and CW tried to tell him by looking at the pictures what needed to be done and he stated that it didn't make sense and became hostile again and CW stated she wasn't going to talk w/ him acting that way and gave the phone back to Mrs. Jones. CW heard Mrs. Jones say that she would wait til he got home to CWs the home and CW stated that she would be calling LE due to the safety for her and CWs. CW stepped away and called LCSD and asked for assistance. CW was told that an officer was already on the way due to another caller calling for an officer to come. CW stated ok. While waiting for LE, Mr. Jones arrived and it did appear that he did calm down and began to ask CWs about the home and CW stated that the home needed to be clean and he stated he wanted a list. CW stated that when LE got there they would give him and list if he allowed them in the home and he stated ok. CW then stated that the case was indicated and if it is needed the

children would need to be moved or they would need to go stay somewhere. Officer [REDACTED] arrived at the home and Mr. Jones stated that he would allow them into the home. CWs and Officer [REDACTED] entered the home and CW observed the living room to have even more clutter in the floor with blankets in the middle of the floor and in the walk way, the heater in the middle of the room where a child could trip on a blanket and fall into the heater, CW observed the kitchen to be back in a disorganized mess with tools out, more boxes of food and the counter to be even more cluttered. CW observed the hall way to the bedrooms still have a large pile of clothes and an open air vent in the kitchen. CW also observed a box with a busted headlight from a car which had jagged plastic which was in reach of the children. CW observed the back bed room to be even more cluttered w/ clothes an junk with what looked like old rose petals to be in the floor. CW observed the bathroom to have broken pieces in the floor as well. CW observed the children's bedroom to be back unclean w/ clothes all over the place and other items that could harm the children. CW implemented a safety plan that the children could not be in the home and Mr. and Mrs. Jones stated they would go to a hotel and CW stated she would be back on Monday to see the home. CW [REDACTED] completed a LIST for Mr. Jones to clean and fix anything that needed to be fixed. CW did observed the children to be clean and free of any visible marks or bruises. CW observed them to be dressed well as well. SEE CASE FILE FOR PICTURES.

CW [REDACTED] and CW [REDACTED] arrived at the home to conduct a FU HV. Present at the home was Mr. Jones. CW asked where the children were and he stated they were w/ their mother. CWs observed the home to be VERY VERY VERY CLEAN. There was NO clutter in the living room, the front bathroom was clean, the kitchen counters were clean and free of clutter, CWs observed that they had bought bins to store items in in the kitchen. The air vents were covered, the hall way to the back rooms were clear and free of any clutter, there were baskets for the clothes in the hall way, the middle room was blocked off w/ two other bins to keep the children out of while Mr. Jones was fixing the home up. CW observed the children's room to also be clean with bins/storage containers to hold the children's clothes and toys in. CW did not smell any odor in the room either. CW observed the bathroom to be very clean and the tub that had the hole was covered up as well. CW [REDACTED] stated that it looked good and CW [REDACTED] stated that the children could come home and they needed to keep it up. CW [REDACTED] completed a new safety plan with him. CW also observed the home to have plenty of food in it as well. CW stated a TX will be in contact and that if it works out CW [REDACTED] will be the worker and he stated that would be cool. CW thanked him and left the home. SEE PICTURES IN CASE FILE

CASE NAME: [REDACTED]

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

As of 10/28/2011 it is the decision of the Department that the investigation has been FOUNDED for the following forms of maltreatment Neglect, presenting a substantial risk of physical injury supported by the facts and observations recorded below and in the county investigative file.

FACTS/OBSERVATION SUPPORTING DOCUMENTATION/EVIDENCE

Upon initial contact with the family the children were not old enough to attend school.

DSS official has been to the home announced and unannounced and has found the home to have the father's tools out assessable to the children.

There was numerous clutter throughout the home and safety hazards such as, broken headlight, cleaning chemicals were in reach of the children, piles clothes throughout the home.

The children were clean and free of any visible marks or bruises. They also made no statements of abuse or neglect.

MOTHER AND FATHER'S STATEMENTS TO DSS OFFICIAL AND DSS OFFICIAL OBTAINED DOCUMENTATION.

PICTURES TAKEN OF THE HOME AND DSS OFFICIAL'S OBSERVATIONS.

PICTURES TAKEN OF THE HOME AND DSS OFFICIAL'S OBSERVATIONS.

PICTURES TAKEN OF THE HOME AND DSS OFFICIAL'S OBSERVATIONS.

Case to be founded for neglect, presenting a substantial risk of physical injury.

For indicated investigations check one:

1. The investigation determined that you were the person responsible for harm to the child in one of the following settings:

Family: Explanatory documents may be attached. Your worker will provide necessary information.

Day Care Facility: See attached DSS Form XXX for additional information.

Out of Home Abuse and Neglect: Includes Foster Homes and Residential Facilities. See attached DSS Form 3061 for additional information.

2. You have not been identified as being responsible for harm to the child. You are being notified of the outcome of this investigation because you are (1) the person responsible for the child's welfare as defined by statute, or (2) the director of a child day care facility, child placing agency, or child caring facility where an incident of child abuse or neglect occurred. Your worker will provide necessary information.

3. Unfounded See DSS form #3065

Staffing convened to discuss current status of the case and the current family circumstances and transfer from assessment to treatment.

CURRENT SITUATION: This case was indicated on 10/28/2011 for Neglect, presenting a substantial risk of physical injury due to the conditions of the family home. Mr. and Mrs. Jones moved to SC from Mississippi sometime in Aug or July, due to his job transfer. They have three children and a Baby boy due in any day at the time of the investigation. Ms. [REDACTED] Jones was considered [REDACTED]

[REDACTED] There is no family support. The only person they have as a support system are the [REDACTED] neighbor and church friends. The family stated the mother and children may go back to Mississippi temporarily for the family to help with the newborn.

DATE AND TYPE OF LAST CONTACT: 10/31/2011

RECOMMENDATIONS FROM STAFFING/MEETING 1. Tx. worker to make face to face contact with the family no later 10/14/2011 2. Cw to determine the current plan for the family regarding support and care of the minor children once the baby is born 3. Cw to complete the initial CFASP no later than 11/23/2011. 4. Cw to take pictures of the home [REDACTED]

Case Decision Staffing: CM reported that Mr. Jones is a single father of 5 . CM observed the home to have an excessive amount of religious things. LE interviewed father but they didn't feel he intentionally tried to harm his son. Mr. Jones believes [REDACTED] destroyed the track on purpose. Home was observed to be cluttered and unkempt but denied that it presented any safety concerns. All the children reported observing their father grab [REDACTED] by the chin. CM observed marks on the child's face. Photos taken and placed in the case file.

Case Decision: Founded SRPA- Closed no Services.

Case Name: Tim Jones Case Number [REDACTED] Date of Staffing: 08/13/2014

7 Days Guided Supervision with CW [REDACTED] and Supervisor [REDACTED]
[REDACTED]

Allegations: It is reported Timothy Jones beat his son [REDACTED] leaving extensive bruising. Reportedly Mr Jones beats the child often leaving bruising. Mr Jones does not feed the children adequately. He will bring home a 20 piece Chicken Nugget dinner to feed all 5 children. It is reported Mr Jones does not want to send his children back to public schools because he does not want the school to report the beatings.

History: Yes

7 DAY STAFFING:

Siblings interviewed/observed: CM observed the children at the daycare which [REDACTED] to the home. CM spoke with [REDACTED] he denied that there were any incidences that occurred in the home. CM did not observed any bruises on him. CM observed all the children. CM observed the child [REDACTED] have a band aid over his eye. His sister opened the door and the door hit him in the eye. The sister confirmed that the incident happened. CM observed the children to be clean and groomed and appropriately dressed. CM reported that the baby was observed to have a diaper rash and he was encouraged to take her to the doctor for treatment. CM reported that none of the children made any statements of abuse/neglect. The children were able to name the dinner meals they ate the night before.

[REDACTED] 9/10/2014

Maltreating caregiver interviewed: Dad reported that he moved the children from one babysitter to the new babysitter whom he was familiar with. The father believes that the former babysitter may be retaliating hence the new report. CM observed the home to have clothes strewn throughout the home but the home was free of safety hazards. CM spoke with him about the brand of diaper that he is using on the baby and encouraged him to stay with one brand of diapers and that could be a reason for the brand of diapers.

Non Maltreating caregiver interviewed:

Other household members interviewed:

Relatives (not in household) interviewed:

Collaterals interviewed: The babysitter confirmed that the incident occurred happened at her home and she reported that she called him at work and he took the the child to Doctor's care.

Present and impending safety concerns: There are no concerns of impending safety concerns at this time.

Extent of maltreatment:

Child functioning on a daily basis: All the children are developmentally on target.

Disciplinary approaches/typical context: The children reported that they get spankings but none of the children were observed to have any marks or bruises.

Overall Pervasive parenting practices: Dad is assessed to be appropriate.

Evidence of reasonable worker diligence and efforts to collect information in all areas?

Information collected is adequate and reflects good judgment?

Family members interviewed privately: Yes

General or specific observations or impressions: Dad appears to be overwhelmed as he is unable to maintain the home but the children appear to be clean, groomed and appropriately dressed.

Present Danger and Protective Action

Present Danger Assessment is accurate and information supports it conclusions:

Proactive Action is appropriately taken and is sufficient to control for safety while information collection period proceeds:

Safety Threats accurately identified: Yes

Safety Plan is sufficient, understandable, feasible and sustainable:

Back ground check (incident reports, PIS, SCDPPS): Background checks were completed

Collaterals contacted:

Diligent Effort to locate fathers: is the legal father of all the children.

SNAP:

CSE:

Proactive Action is actively managed throughout the remainder of the investigation:

RECOMMENDATIONS FROM STAFFING/Agency's staffing

1. Continue to investigate and access safety
2. Follow up visit
3. Assess for food

What are you worried about:

CM reported that the family will continue to get reports. CM reported that the father maybe overwhelmed and it is unknown if he has family to asist him with the children.

CM [REDACTED] received on-call alert from Officer [REDACTED] on Sept 3 2014, who stated that [REDACTED] lem. School had alerted him to do a welfare check on the family. The school had gone to the home to check on the children because none of the children had been to school in 2 days. Officer [REDACTED] stated that the Escalde the family drives was not at the home during any checks. He wanted to know if there was a history of the family skipping town when DSS involved. He stated that no phone calls are being answered by the parents and his employer at Intel wanted to file a missing persons report because he hadn't been to work in a couple of days. A grandmother in Mississippi stated to LE that the famliy was supposed to visit and never showed up and she was worried. Contact at school: [REDACTED]

Tim and famly live at 2155 S Lake Dr Lot D according to LE. [REDACTED]

Supervisor [REDACTED] received a telephone call from Sgt. [REDACTED] with Lexington Co Sheriff's Department in regards to Mr. Jones. Sgt. [REDACTED] stated that the grandmother in Mississippi had contacted LE and filed a missing person report on the father and the children. She indicated that they were supposed to be arriving in Mississippi but had not made it there yet. She had become worried. Sgt. [REDACTED] inquired about any contact information for Mr. Jones. Supervisor [REDACTED] provided all contact numbers on record for Mr. Jones. There were no statements made that indicated the children were unsafe at this time [REDACTED]
