

Governor Haley,

1/21/16

My name is Mary Waldon I live in Pickens, S.C. the reason I am writing to you in regards to the medicaid system. I am tired of jumping through hoops, haven't to fuss, cross & raise Cain to get my medications. I understand that you are a busy lady but I think it was wrong for you not to accept funding for medicaid. I feel like I am being discriminated against when it comes time to get my medications. I have spoken with a lawyer & am prepared to take legal action for discrimination they said I have a case, but would rather I try to resolve this without legal action. I am willing to do so as long as this issue with medicaid can be resolved. I need a blood thinner 2x daily but some idiot doctor in Columbia said it wasn't medically necessary my hematologist/Oncologist said put my medical history page by page, he never (the doctor in Columbia) never saw me or even talked to me. I am on oxygen only able to go places during day when I am having a good day. but on oxygen at night when I go to bed.

any assistance you could give  
in this matter would be greatly  
appreciated.

Thank - You  
Mary WADON
