Dear Coach Spurrier,

On behalf of the people of South Carolina, thank you for agreeing to serve as an Advisory Committee Member to the One SC Flood Relief Fund. I know you share my love for South Carolina and her people, and because of your leadership, I know you are uniquely qualified to lend your voice to help the flood victims in a way that no current effort can, which is why I am asking you to help. The thousand-year flood may have bruised us, but it did not break us - we are stronger now than we were then, and as one state and one people, we will recover as One SC.

As the flood waters receded, many state and federal agencies as well as our private non-profit partners assisted with fulfilling citizens' short-term needs. However, as our state moves into the long-term recovery phase, we believe that the greatest unmet need will be getting people back into safe, habitable homes. The goal of One SC is simple: We will help bridge the gap between existing resources and the unmet needs of flood victims.

As an Advisory Committee Member, I am asking you to get personally involved: Cast a wide net to the public by promoting One SC through your contacts in social media and the press; but also, consider personally giving and identify at least fifteen of your friends, contacts, or colleagues who are blessed enough to give big and ask them to step up for South Carolina. Together, I know we can meet One SC's fundraising goal of \$10 million. I look forward to seeing what we can do, and I hope you will keep me posted on all of your efforts on behalf of One SC.

Enclosed is background information about One SC, including ways to donate. It was important to me to ensure that 100% of the donations go directly to aid South Carolina flood victims, so my non-profit, The Original Six Foundation, is underwriting the administrative costs of the fund.

Thank you again for serving as an Advisory Committee Member. We are One SC, and with your help, we will recover from the flood stronger than ever. God bless.

My very best,
