# The Anatomy of a Connected Government

Modern technology has been helping all kinds of businesses and organizations become more connected to their employees, stakeholders, and data for years -- and government agencies are no exception.

Take a look at our infographic and see how flexible devices and new technology have helped enable a new kind of government agency, one that's:

- More productive both inside and outside of the office
- Able to extract essential information from growing data volumes
- More efficient thanks to a host of new capabilities
